A songwriter from Sweden who keeps her music simple and her lyrics profound. She has a lot of heart in her lyrics and a lot of life in her voice. 12 MP3 Songs FOLK: Folk Pop, POP: Delicate Details: Words mean the world to me. I would break if I didn't have words to ease the pressure inside me. So I have always written. Mostly in my diary, therefore my lyrics have taken the shape of pages from my life. I can only write when I need to, I can never force it because I have to or should do it. So my songs are few, but honest. Music makes it easier to reach out with your words and let people hear them and hopefully get something out of it. Some relief maybe. And if people like what I do and can recognize themselves in my lyrics, I feel less alone in the world. So five years ago I picked up a guitar. Chrissie started writing songs while taking a singer/songwriter class five years ago. Then she went to the United States to develop her writing skills and later she attended a music school in Sweden where the education was very based on performing live. Since then shes been seen and heard on small stages throughout the country and recently released her first album Call for Colors.
