Somewhere between hard rock and metal lives a creature that survives by implanting songs in your head that you'll never forget. 9 MP3 Songs ROCK: Hard Rock Details: Erplosis Daet is not a disease. It is not Latin. It is music created by forces of harsh brutalities and electric guitars. Mostly hard rock with some good song writing. Here's a brief description of the song samples: "It's Gonna Happen Anyway" is the CD's opener. So listen because you're gonna listen anyway. The title track "A Skip In The Brain" is about all the stuff we have to remember. And sometimes we forget . . . But, the third track, "The Journey Of Hare Ter" is very long with a wild keyboard solo! "Death Of Morpheus" is another favorite that includes a real cool guitar harmony at the end. Thank you for your time and ears, Terry Please note: This music was professionally recorded and mixed in digital format with the CD mastering done at a professional sound studio.
