"jub gently folds sampled snippets into rolling waves of synth, then lets them ride on a bed of luxurious drums and glitch from which one can achieve a level of consciousness that leaves stress struggling to stay alive" 15 MP3 Songs ELECTRONIC: Ambient, ELECTRONIC: Down Tempo Details: jub is Justin Betham from Modesto, Ca. I developed a love for synthesizers years ago and started experimenting with software to create music for me. Music that I wanted to listen to, without the influence of what other people liked and wanted to hear. I use mostly software and hardware synthesizers, but also incorporate live acoustic instruments as well. "music for your mind"
