Underground Thunder Volume 1 Is a compilation compiled of the best hand picked artists from across the country. It consists of music that is proven to entertain every type of listener of the hip-hop and R&B genres. 17 MP3 Songs HIP HOP/RAP: Rap, URBAN/R&B: R&B Rap mix Details: THE INDIES GO HEAD TO HEAD WITH THE MAJORS New Cd to Showcase the best independent talent nationally Independent artists are being kicked to the curb as they try desperately to break into the industry. To make it even worse, out of the nine hundred or more independent labels formed each year, nearly ninety percent of them fail without ever seeing the light from the majors. With so much music being flooded into the market by Indies, the consumer is reluctant to purchase anything that hasn't been proven by the big boys, with fear of being brutally burned on quality. To make matters that much worse, these artists usually don't have the marketing funds to even break through the ice. Underground Thunder is a series of CD s, created by Nitemare Records, to showcase independent talent and to aid consumers in making the proper decision on purchasing independent music. Rather than spending ten to fifteen dollars to purchase the music of a group or artist, only to find it disappointing, the consumer now has the luxury to utilize these same funds to hear ten to fifteen hand-picked artists/groups. These carefully selected few are guaranteed to be the pick of the litter, saving the consumer time and money, while introducing them to the Indies that they need to hear. Volume One of the series is set to release in early April 2007. Created in Cleveland, Ohio in 1996, Nitemare Records is an independent Hip-hop recording label built for independent artists. The label has been successfully releasing albums for eleven years, as well as placing artists in performances in such prestige places as the Rock and Roll Hall of Fame and Chicago's Taste Of Chicago.
