Details: Daniel Lee Gallegos of SJ Records is proud to present this Re-mastered CD recording of the group Sangre Joven. This is truly an excellent example of today's hispanic youth. You would think that a group of young teenagers would be playing rock music, but no, not these young men. They are following in the footsteps of their heritage of spanish music. The songs recorded on this CD are a good example of the music produced in the style of New Mexico. Truly a very unique style. SJ Records is very proud of Sangre Joven. SJ Records would also like to thank the families of these young men for all their support and help, and to all the people for supporting Sangre Joven the last 20 years. GRACIAS!!!
