

Mp3 Sas - Future Memory

[DOWNLOAD HERE](#)

Minimalistic chilliness, mysterious motifs and romantic arrangements make up this highly accessible, imaginative approach to song structure and musical interpretation. 15 MP3 Songs in this album (48:55) ! Related styles: ELECTRONIC: Electronica, ELECTRONIC: Minimal Techno People who are interested in Four Tet Ulrich Schnauss Trentemøller should consider this download. Details: This debut release by sAs (aka Stephen Sciallo) has a sonic quality quite unlike other easy listening or background music. Using commercially available loops and samples (as well as his own unique MIDI input), sAs filters everything through his imaginative approach to song structure and musical interpretation. The result is a collection of innovative and romantic compositions. From the world beat of Cerulean Sky, to the minimalistic chilliness of Rose Petals or the mysterious motif of Future Memory, sAs is highly accessible but also wonderfully familiar without being cliché.
