Eclectic songs from the heart. classical guitar, tabla, Native American flute, kantele, african percussion and much more. A glimpse into the sensitive strong soul of skywalker.....walking. songs written on world travels from 1997-2000 15 MP3 Songs FOLK: Gentle, WORLD: World Fusion Details: Skywalker walking is the founder of several world fusion bands playing out of the Northern California scene. He is an established producer of over thirteen different albums and has played on many diverse projects from Hip Hop to Jazz. Until Now is the debut solo album with Skywalker playing every instrument and singing every vocal. This album was written mostly on the Hawaiian Island of Maui during an intensely introspective time in his life. The music is described as RagaNova Classique because of its unique fusion of Tabla rhythms, Bossa Nova guitar lines and Classical guitar style. Sky infuses these heart songs with Native American Flutes and an array of world musical instruments that leave a very unique impression on the listener. Please open your heart and enjoy the unfolding. Blessings to all.
