Drawing from their influences, The Pulltops take blues, rock, country, soul, and psychedelic pop and mix it into a sound all their own. 8 MP3 Songs POP: Power Pop, ROCK: Modern Rock Details: The Pulltops were formed in December of 2001 from the ashes of Milwaukee band Udi Subudi. Drawing from our influences, we take blues, rock, country, soul, and psychedelic pop and mix it into a sound all our own. This CD is an attempt at taking the sounds of the 60's and the 70's and mixing them with the current sounds of today. While staying fresh with our songwriting style, we wanted to leave the listener with the same feeling they had when listening to their favorite 8-Track or LP in the pre-MTV days, when visuals were left up to the imagination of the listener, and record companies supported creativity.
