The Zoo Rockers Songs Details: Meet Maestro the Penguin, Bebop the Bear, Horn the Elephant and other inhabitants of the Musiola Zoo -- they've got a secret and it sure does sound gooooooood! Will the band's moonlight "jams" jeopardize their "day gig?" Clap your paws, wag your tails, and join the soon-to-be-discovered band, "The Zoo Rockers." THE ZOO ROCKERS was created by Regina Klein. Inspired by her work as a Registered Music Therapist (B.A., Music Therapy, DePaul University, Chicago; DePaul Hospital, New Orleans), music continues to provide her with opportunities for exploration, communication, and community. Regina lives in Culver City, California and works with homeless youth in Hollywood. THE ZOO ROCKERS features an ensemble cast of twelve and was produced in Los Angeles with Grammy Award winning Engineer, Bob Wayne at Sunburst Recording. Bob has produced folk, jazz, comedy and children's records for music labels including Shout Factory!, Rhino Records, and has worked with artists Richie Havens, Micky Dolenz, Firesign Theatre, Adam Sandler, George Carlin, among others. The cover illustration was designed by Los Angeles' artist Pat O'Brien. Stay tuned for upcoming episodes of THE ZOO ROCKERS!
