

Theory Of Hypergeometric Functions

[DOWNLOAD HERE](#)

1 Introduction: the Euler-Gauss Hypergeometric Function.- 2 Representation of Complex Integrals and Twisted de Rham Cohomologies.- 3 Hypergeometric functions over Grassmannians.- 4 Holonomic Difference Equations and Asymptotic Expansion References Index. EAN/ISBN : 9784431539384
Publisher(s): Springer, Berlin Format: ePub/PDF Author(s): Aomoto, Kazuhiko - Kita, Michitake - Kohno, Toshitake - Iohara, Kenji
