From: [Insert Your Name Here] Date: Thursday, May 20, 2010 Dear Friend, How would you like to create your own hot-selling Information Product without having to write from scratch (or a single word)? Do you love the idea of advertising your business through viral-spreading article marketing - even if you hate writing? How about profiting big time from PPC programs such as AdSense by building content rich web sites and blogs without cluttering your keyboard away? It's something you can't ask for more! I'm not a mind reader by profession, but I hazard a few guesses that: * You fancy the idea of making money online via selling information, * You're a very busy person and don't have time creating your own content, and * You cannot afford to outsource your writing work to ghostwriters because you're on a tight budget! Whether you're a hardcore niche marketer or making a living from helping other people's Internet Businesses, creating your own information and content can be time- and effort-consuming in the long run

it can be counter-productive instead. Your efforts should be concentrated on marketing your business, you think. And guess what? You are right about it. Maybe you make money selling information (i.e. E-books or publishing newsletters). Maybe you cash in on AdSense and PPC programs via building content rich web sites and blogs. And perhaps you're more than convinced on the powers of viral marketing with the use of articles. Sure, you can outsource for ghostwriters to write your contents for you, but how much can you afford? But what if I introduce to you an even more affordable solution?

Since you have the FULL Private Label Rights & Master Rights to this product, you can also resell the source Private Label Rights at \$67.00 each! * While these are only example prices, you can sell the product in whatever format at any price you desire! That's 100 articles in total! If you engage ghostwriters to write the same amount (and quality) of articles for say, \$5.00 each, that would be \$500.00 out of your pocket, which I don't think you're willing to let go. But with at least \$500.00 saved and TONS of value added into this package, this is one of the best Private Label article packages you can steal than ask to bargain for in the Internet marketplace. But that's not all. SUPER BONUS: Get A Killer Sales Letter FREE! Since you can also resell these article packages separately or altogether, you can use my principal sales letter to help you sell the Private Label articles! That's another \$500.00 value you're getting, since copywriters would've charged a minimum \$500.00 for writing a sales letter like this. That's right. But since I want to make this readily and easily available to you, I'm going to let you "steal" this package for the price of only \$1,000.00 \$97.00. You won't see it anywhere else (at

least, before this page came up). I know there's no great sense of urgency in getting this complimentary offer, but think about it: You could be cashing in on 4 totally different hungry niches by selling your own Information Products, publishing your own newsletters, and building content rich sites. If each niche brings you \$1,000.00 a month, that would be \$4,000.00 or more a month in total! You save at least 5 and a half weeks in writing your own content - assuming you're a good writer, that is. If you don't have a flair for writing, it would probably take forever. And this isn't taking into account the knowledge you might or might not have in all 4 niches. You're getting \$500.00 worth of articles for the price of only \$97.00. That's only a 19.4 fraction in the total cost of the articles produced. You could be earning more reselling the articles package - individually or altogether at any price you want - offering you an instant income opportunity! But just be sure to follow the terms and conditions below: PLR & Master Rights Restrictions
