About Killer Abstract Backgrounds v3 Thank you for your interest in Killer Abstract Backgrounds volume 3! Killer Abstract Backgrounds v3 is a set of over 30 high quality background graphics you can use to easily create awesome graphics. Please use the preview for an overview. salvador.tradebit.com brings you this complete third set for a low bargain price - even lower than the price of a single stock graphic. Here are just a few ideas of what you could do with these abstract background graphics: - Use as website graphic - Use as part of logo - Use in presentation - Use as base for banner graphics - Use as base of cover graphics - and a lot more... Use them over and over again, for multiple parts of your communication - without any further cost. Forget the need to pay again and again for every single use. No. Not here. No further cost. Create unlimited versions and variations! No further cost: You get the Killer Abstract Background graphics as fully layered PSD files. They are completely and easily editable to your needs: - Change colors - Remove effects - Add effects - Modify kind and intensity - and a lot more... This lets you use these awesome background graphics to create unlimited versions and variations without further cost. You only need a tool to edit the well-known PSD file format. The best tool is Photoshop itself, by PSD inventor Adobe: - salvador24.com/amacos/photoshop : More about Photoshop on Amazon.com. -

salvador24.com/amades/photoshop : More about Photoshop on Amazon.de. Adobe also produces Photoshop Elements with a lower price tag. Fewer features, but if you are no graphics professional, this might be all you need: - salvador24.com/amacos/photoshop-elements : More about Photoshop Elements on Amazon.com. - salvador24.com/amades/photoshop-elements : More about Photoshop Elements on Amazon.de. If you are on a tight budget, you can use the free Gimp, that provides many (but of course not all) Photoshop features: - salvador24.com/open/gimp : More about Gimp. If you do not want or need to edit the PSD yourself, you can convert the format into another one, JPEG for example. You can even use a graphics viewer for this, like the free XnView: - salvador24.com/open/graphics-view-and-capture : More about the viewer/converter. As a special bonus I have included JPEG versions of these beautiful backgrounds as well for you to use without any further effort. Here is what you get: - over 30 (!) Killer Abstract Backgrounds in fully layered editable PSD format, - over 30 (!) Killer Abstract Backgrounds in JPEG format (width 640) for direct use as banner graphics or divider background, - over 30 (!) Killer Abstract Backgrounds in JPEG format (width 1024) for direct use in Powerpoint presentations, or as website graphics. This product is for your own personal use: [NO] Can be sold [NO] Can be given away [NO] Can be added to membership site [YES] Use as website graphic [YES] Use as part of logo [YES] Use in presentation [YES] Use as base for banner graphics [YES] Use as base of cover graphics [YES] Can be edited Get Killer Abstract Backgrounds v3 with the Bonus here now!
