SEAL candidates Cooper Fitch and Eli Jones are cut off from the outside world and pushed to their physical and mental limits by the demands of the Navy's elite training program. Their reliance on each other takes an unexpected turn after Hell Week, the most grueling stretch of basic conditioning, when Cooper and Eli surrender to passion fueled by fatigue, horniness, and alcohol. Despite the danger of being discovered, their intense attraction begins to feel like a natural extension of living, working, and training side by side, and neither is willing to give it up, no matter the risk.
