Her mother was the famous Estar Pearl, a chanteuse from Paris who moved to the deep south to further her career. Soon after arriving in the Big Easy, Estar met a wealthy restaurant owner who would eventually become her lover. When Estar became pregnant, her lover disowned her and left her to fend for herself. The meager income from Bourbon Street nightclubs was not enough for Estar to raise a child on, so she moved in with a family of African-American musicians she had befriended in the French Quarter. They loved Estar and welcomed her into their home. Estar knew her chances of providing for herself and her newborn daughter, Adrian, would be better back home in the nightclubs of Paris, where she had a tremendous following. So, she headed back across the seas to return to the financial security of her home, planning to send for Adrian once she settled. Unfortunately, Estar met with a mysterious fate, and Adrian was left behind in New Orleans, an orphan at three months old. Adrian's adoptive family was the center of her universe, and though she loved them dearly, something was missing. She felt an overwhelming loneliness in her heart...until the night she was asked to step up to the microphone, in the spotlight. From that moment, her life had new meaning. Through her music, she had found the connection to her soul. Adrian Rose dresses in long satin gowns and drenches herself in pearls as a tribute to her beautiful mother who gave her the gift of life and song. Adrian's lonely sensuality and seductive flirtations are her sanctuary from the modern world. From the moment you hear her, you will become lost in the music, mesmerized by the soulful silkiness of her hauntingly beautiful voice. You will be transported through her to another time, another place. Welcome to the world of Adrian Rose.
