Smooth and mellow contemporary gospel songs that are informative as well as inspirational 12 MP3 Songs GOSPEL: Contemporary Gospel Details: I said to myself I'm done with these albums but the inspiration just keeps right on coming, it's has nothing to do with me it comes directly from The Lord and all I can do is receive perfect it and pass it on to others so that they can be blessed I know that I'll never get every song that I've ever written on wax but as long as long as The Lord me gives me my life health and strength I intend to get as much of it out as I can, because I do know that he expects me to use the gift that he's placed on the inside of me so I do what I can to minister to as many of God's people as I can through these songs The front cover of this album is as plain as it gets and that's because the cover doesn't matter, what does matters is the message in the songs on this album Like (Get the mess out of the church), there is so much going on in our churches today that need to be addressed and this song deals with some of it. there are many great messages beyond the music and the singing that we need to take heed to. Every time we write a song we're preaching a sermon, every song we sing we're preaching a sermon and if we can't find the word of God or anything about The Lord in the song then it's not gospel at all, Now it's just my opinion but I'm almost totally convinced that most of the people that regularly attend church. does not have a personal relationship with The Lord and we hope and pray that these songs will draw the listeners closer to The Lord. DOWN THROUGH THE YEARS Down through the years Down through the years Down through the years I said The Lord has been good to me (Repeat x 1) I could have been dead sleeping in my grave But he made old death behave I could have been dead a long time ago But The Lord has been good to me don't you know (Repeat Chorus) VAMP Down through the years (Repeat) GET THE MESS OUT OF THE CHURCH Every church that you go to They've got a whole lot of mess in it Every church that you go to my friend They've got a whole lot of mess in it They've

got messy preachers in the pulpit Messy deacons on the deacon board Messy singers in the chior stand
Messing over their fellow man CHORUS Let's get the mess out of the church Let's get the mess out of the
church today (Repeat x 1) Churches are not what they use to be Mess is destroying them can't you see
(Repeat x1) Churches are full of many cliques and clubs But tell me where is the love Love that makes
you treat your neighbor right Love that won't let you constantly fuss and fight (Repeat x 1) LAST CHANCE
Attention all hypocrites that's been playing with The Lord You've been making everybody think that
serving him is so hard You'd better get your act together now You're headed for some stormy weather
The Lord is coming back real soon It may be morning night or noon And this may be your last chance
(Repeat Song)
