Mp3 Bed Of Roses - The Kissing Tree

Highly recommended to fans of This Mortal Coil, Massive Attack, and Portishead. To hear it is to savour IT. 10 MP3 Songs ELECTRONIC: Ambient, ELECTRONIC: Down Tempo Details: Preston Klik, currently of SCARLET LIFE, KARMA SUTRA, AND POINTY TEETH, got a bunch of his friends from other bands together and recorded a very unique CD of his cinematic orchestral-electronics. Full of cello, ethnic samples, piano, sitar, turntables, male and female (mostly wordless) vocals, acoustic electronic guitars, electronics, flute, and violin, this CD is made for headphones. THE KISSING TREE is not rock, not pop, nor jazz, new-age, punk, etc. Perhaps it's the soundtrack to an imaginary movie. It's certainly cinematic, and emotional, with the sounds of imagined times and places nearly bringing synesthesia to the listener. Get out the popcorn, settle down, and watch the movie in your mind: THE KISSING TREE The Musicians: Preston Klik: songs, samples, keys, harmonica (Scarlet Life: DivaNation Records) Fareed Haque: sitar-guitar (Fareed Haque Quartet: Blue Note Records) Todd Kelsey: flute (Sister Soleil: Universal Records) Mera Roberts: cello, voice (Oblivia: DivaNation Records; Faith The Muse; black tape for a blue girl: Projekt Records) Julie Schreiber: voice (My Scarlet Life, Jute: DivaNation Records) Laura Good: cello (The Twigs: Whirl-i-gig Records; Lover Mi Lou) Yvonne Bruner: voice (X-Feline; Big Hat: March Records) Lisa Feuer: flute (black tape for a blue girl: Projekt Records) Amy Spina: acoustic guitar (My Scarlet Life, Karma Sutra: DivaNation Records) Char Cole Malloy: violin (Big Hat: March Records) Paul Infiniti: feedback and percussion (My Scarlet Life, Lotus: DivaNation Records) Sean Wolfe: noise-tables and electronic guitar (Is.U.Is, Salvo Beta; the AKIRA project) TheImmortalSavant: rap and lyrics (DivaNation Records) Check out all these other great DivaNation acts : Karma Sutra, Pointy Teeth, Scarlet Life, Bed Of Roses, My Scarlet Life.
