Mp3 Daybehavior - Have You Ever Touched A Dream?

DOWNLOAD HERE

Daybehavior is a veteran electronic pop act from Sweden with dreamy female vocals, touching on trip-hop and atmospheric synthpop. 12 MP3 Songs POP: New Wave, POP: with Electronic Production Details: "Have You Ever Touched a Dream?" is Daybehavior's second album, following up the popular Scandinavian debut album "Adored". This Swedish band has a style all their own, combining top notch electronic production with an absolutely dreamy female vocalist. Some of the songs are uptempo, danceable club tracks, while others are melancholy trip-hop flavored songs. All together, it adds up to a great listening experience. The first 1,000 copies include a limited edition bonus disc which includes the winning remixes from a contest that was open to electronic musicians from all over the world. There are winning mixes from countries like Russia, Greece, Spain, Germany, Sweden, etc. plus a couple of contributions by Daybehavior themselves. Pick up the album quickly for the great extras!
