A musical ride containing multi-genre instrumental music compositions. 11 MP3 Songs NEW AGE: Progressive Electronic, ELECTRONIC: Experimental Details: My name is Dominic Anthony Ferguson. I am an independant artist out of Sturgis, Michigan. My first album, "COLLAGE", features eleven unique multi-genre instrumental compositions. The genres range from guitar rock, to industrial, to progressive acid techno/pop. I utilized various Sony Creative Media Software items to create, edit, and master "COLLAGE". All discs were designed, printed, and packaged by myself. The album cover and inlay concept(excluding artwork), was designed, printed, and inserted by myself. I had a lot of fun putting this entire package together myself, and can only hope that you find as much fun in listening to my debut album, "COLLAGE". People who are interested in should consider this download.
