A Japanese cowgirl fell into the dream of the wild west. 9 MP3 Songs JAZZ: Jazz Vocals, KIDS/FAMILY: Kid Friendly Details: Dorothy Cowfield sings a more jazz-inspired blend of hillbilly. Her debut album, I'm a Cowgirl, is a less alternative take on country music than what is currently popular. Instead of going the rockabilly or pop route, Dorothy has chosen to stay closer to the roots. In a genre she likes to call "cowgirl jazz," the songs are heavy on vocals and the music provides a hauntingly sweet backdrop. -Ann Massion / Flatiron Magazine
