Intelligent standup from The Funniest Indian-Immigrant, this side of I-10. 22 MP3 Songs SPOKEN WORD: Comedy Details: Warning from the Comedy General of the United States of America. "Listening to this audio CD may be injurious to your well being if you are a fan of the new Dennis Miller or Sean Hannity; if you are addicted to bing, bling; and, if you only enjoy humor about sex, drugs and alcohol." Dr. Sai Ranade, the winner of Ed McMahon's NEXT BIG STAR contest and the FUNNIEST IMMIGRANT INDIAN -this side of I-10. While the core of Sai's shtick is the juxtaposition of East-Indian culture on to life in America, Sai goes well beyond the stereo-typical humor to make insightful and gut-splitting observations about social, political and entertainment trends in America. In the post 9/11 world, with a heightened sensitivity toward Immigrants, Sai's approach is a bit risky. But, as you will experience, his courage pays off. In fact, Sai believes that in standup comedy the greater the tension, the bigger the laughs. So, if you are in a mood for some intelligent and original comedy, buy this CD today.
