electro-acoustic, techno-ethnic, ambio-rhythmic, erotomanical compositions that set and embellish sensual moods and attitudes. 15 MP3 Songs ELECTRONIC: Drum 'n Bass/Jungle, WORLD: Asian Details: First of all, a huge thank you to everyone that has purchased "erotomania!" As you can see, the cd has sold out --but that doesn't mean you can't get a copy. Since I am about to release my 3rd Duct Tape Mummy CD, I have decided to direct those of you who still want "erotomania" to some of CD Baby's download partners such as Rhapsody, MusicNet, Apple iTunes, Napster and many more! Please continue to support independent music and please stay tuned for the next DTM release! "...Blade Runner-inspired Dark wave meets World beat and an alternative experimental aesthetic..." Brooke Aldridge for Pulse. So, why "Duct Tape Mummy?" Well, there are just some things that have to get out. I have had this concept rolling around for about 3 years. I only started to believe that it could happen about a year and a half ago. So I wanted to use music and imagery to create an erotic theme that was both provocative and sensual. The fetish references in the titles of the musical pieces help to set a voyeuristic mood that permeates into the music itself. I felt that electronica has always been on the fringe of music genres. It seems to lend itself to fetish thoughts and imagery. The music is, at times, at peace with these thoughts. In other times, it struggles as if bound in inescapable bonds. I hope you enjoy Duct Tape Mummy! Will Jacobsen + music + concept + producer +
