Details: The new CD 'SOUL SESSIONS IN HELL (VOLUME 1)' is the first non-subterranean release from Indie Alternative Rock Artist DWAUN (pronounced dwah-un). 'SOUL SESSIONS IN HELL' blends musical styles like hard rock, grunge, punk, funk, and even folk to yield a sonic tantrum that takes listners away from the plenty and the trendy. While the world promotes fabricated realities laced with superficial sexuality. This CD promotes honesty and testifies the life of that real Jane or John Doe. After all, can a pauper explain what it's like to be wealthy? Can a wealthy man explain what it's like to be a pauper? From secular tracks, like 'Satan's Parking Lot' and 'Punk Paradise' to self-reflective tracks like 'Spin Low (Bipolar)' and 'Daddy, It's Cool', 'SOUL SESSIONS IN HELL' supports the ideal that being normal IS being complex, addictive, ironic, sensitive, aggressive, and confused. Everyone has issues, thus no one is perfect. Unless, of course, you can walk on water. Music we remember and benefit from the most is music that speaks to us, about us, and not at us. 'SOUL SESSIONS IN HELL (VOLUME 1)' is that music. And this is only the tip of the iceberg.
