Songs about a country kind of love that is so much more than just words. A love that is a true commitment and life style. The kind of love that is worth dying for, just like our Lord and Savior died for each and every one of us. Especially you. 13 MP3 Songs GOSPEL: Country Gospel, COUNTRY: Modern Country Details: What is Love? Websters dictionary lists many definitions, such as: to hold dear, to feel affection for, the affection and tenderness felt by lovers, plus quite a few more. There is one definition however that for me stands head and shoulders above all the others. That definition is: THE FATHERLY CONCERN OF GOD FOR MAN. That definition may not seem like much when you first read it, but when you have fallen into such a desperate place that you feel totally unloved and completely unlovable, then that definition means everything. There is no such desperate place for our Lord God however. He loves you no matter what you have done wrong, how lost you might be, or how long you have been that away. There is nothing you could ever do to make God stop loving you. I know this for a fact because I lived most of my life trying to ignore God, but when the time came that I really needed Him the most, He was there to pick me up just as if I had been his most favorite child all the while. That is why I am so happy to proclaim to the world that I HAVE FOUND LOVE AGAIN, and I can only hope that these songs will help you to find it too.
