

# Mp3 Glorious Monster - Adventures On Earth

[DOWNLOAD HERE](#)

Glorious Monster is vocal driven experimental/ambient pop music that brings together a mix of electronic and organic musical elements to achieve a dynamic, atmospheric, expressive style. 12 MP3 Songs POP: with Electronic Production, ELECTRONIC: Ambient Details: Originally a studio side-project started by the Minneapolis based production/composition team The Skeptics (Brian Casey and Danny Burke), Glorious Monster has since developed a sound and life of its own. Embracing the wonder of the world while refusing to accept the forces trying to destroy it, Monster's music presents a world that is both light and dark, calm and tempestuous, comforting and estranging. Their debut album, "Adventures on Earth" is due to be officially released this upcoming february.
