Mp3 J-uke - Time To Change

A loner in the music industry making alternative rock on my own premises. This CD has been done by 3 people: Me, Myself and I. You might ask why? Could have gotten people to join in I guess, but this time - 'Time To Change', and became a loner. 12 MP3 Songs POP: Pop/Rock, POP: Britpop Details: I DID NOT KNOW AN UKULELE COULD SOUND LIKE THIS! This is a statement I often hear...to tell you the truth, I did not know that either...2 years ago...But by doing experiences and experimenting both with sounds and many different uke's it's been possible. I have even invented my own instrument...This I call:

'G-uke'...actually quiet simple, but as I never heard it before I had to make a new name for it, so I named it G-uke (Guitar-ukulele). A standard guitar, but tuned as an ukulele, which I use in several my songs on my new CD. The ambience is a much clearer message and a more quiet direction than my 1st CD. The name of the CD 'Time To Change' has also a lot of meaning to me, not only music wise, but also in my private situation. All of this you'll understand when listening to my lyrics. The whole process from start to finish has taken nearly one year, working nearly day and night. I personally stand for everything I've done here if you like it - it's a bonus ...and remember whatever sound you hear on the CD, it is NEVER a guitar, but UKE's or G-UKE's! People who are interested in Radiohead Coldplay Oasis should consider this download.
