Ambient dulcimer and lapsteel songs recorded at the water's edge in the Caribbean. 12 MP3 Songs
FOLK: Gentle, NEW AGE: Ambient Details: Martin Pleass : Waters Edge Original songs and instrumentals recorded at the waters edge in the Caribbean featuring mountain dulcimer and lap steel. From Liverpool England, musician Martin Pleass creates a deep and memorable atmosphere with the sounds of the sea complimenting these new songs and unique pieces. Using fresh mixes of instruments (didjeridu, saz, theremin etc...) this album is full of gentle surprises and is truly a one of a kind. Martins influences span from banjo man Earl Scruggs to Martins former boss Pete Townshend of The Who .An enduring instrumentalist, Martins songs are never overpowered, but rather empowered by a production that starts with a recording on the beach.
