Acoustic folk rock hymns with layered vocals written on the multifaceted beauty of the gospel. 12 MP3 Songs in this album (50:49) ! Related styles: FOLK: Folk-Rock, SPIRITUAL: Hymns People who are interested in Bob Dylan Elliott Smith Wilco should consider this download. Details: Each song in this collection was written to be sung after the preaching of the word of God, for contemplation during the worship services of 2005 and 2006. They were recorded in the study of our house in an attempt to capture the core elements of each song. They came from meditating on the written word in scripture and were heavily influenced by the preached word on Sunday morning. They are some of my first attempts at writing hymns. --Nathan Partain
