Honest music...Alanis Morissette meets Natalie Merchant...Tori Amos,Carole King,Carly Simon...jazzy,bluesy,and current "...writing style very much like Bob Dylan" -Ritchie Cannata 12 MP3 Songs FOLK: Modern Folk, JAZZ: Jazz Vocals Details: This is the second CD I have recorded. It was recorded at Cove City Studios, owned by Ritchie Cannata. Billy Joel fans will immediately recognize Ritchie as Billy's amazing sax player. I had the unbelievable pleasure of playing on the most beautiful Yamaha grand piano, which was graced by the fingers of Billy Joel and Lionel Ritchie just to name a couple... These songs are the product of the past four years. I have been writing however, for my whole life. I come from a musical and creative family. When I was ten, I asked my father who was a jazz percussionist, to teach me to play the drums. My grandmother suggested that I played something more lady-like... My parents bought my first piano, and I studied for about a year until they divorced. That is probably when I really started to pour myself into my writing. It wasn't until about 1998 that I taught myself to play chords by ear. Once I did that my music grew at a phenomenal pace. I began to figure out my songs one by one. Since then, I have almost filled what was a brand new book with what has become a journal of not only my own life, but my views on the world as well... \*\*\*COME SEE ME PERFORM EVERY WEDNESDAY NIGHT\*\*\* AT THE OPEN MIC AT RUBY'S IN PORT JEFFERSON, N.Y.
