Details: My name is Tammie Webb. I am thirty-eight years old. I'm originally from Michigan, but moved to Kentucky in 1978. I have one brother, Matthew. I have two nieces, Natasha and Heather and one nephew, Kagan. I also have three great nephews; Rudy, Trevor and Luke. One great niece, Destiny. I recently lost my mother, Linda, on September 13th, 2008. She would have been sixty years old, October 30th, 2008. My mom died from kidney failure. I miss her so much. Yes, she was my mom, but she was also my best friend. My father, Donald, is fifty-nine years old. I'm fortunate enough to still have him. He recently had by-pass surgery, on his heart and is still very weak. I pray he will soon feel better. I graduated from Powell County High School in 1988. I did not graduate. I've also taken two courses through the mail and have received my diploma's for: Medical and Dental Office Assistant and Veterinary Assistant. I also take Karate classes, in which, I am a red belt. My goal is to become a black belt. The type of Karate I'm taking is SEIEI KAN. I have quite a few hobbies. My hobbies are not limited, but include: Writing, reading, music, animals, learning, sports, karate, and family. I write everyday. I've learned through the years, to write how I feel and what I feel. It's much easier for me to write my feelings, than to speak them. I write about everything. Writing has helped me get through some of the most difficult times in my life. Writing is great therapy. I have a Boston Terrier named Lacie Lynn. Lacie is one year old. She's very spoiled, loving and playful. She also has separation anxiety. If she knows I'm going somewhere, she trembles all over. Whenever I get outside, I can always hear her barking and howling, at times. Also, when I get back home, she's so excited she shakes all over. It's really something. Lacie loves

to go "Bye-bye." She loves to ride in the car. I love her to death. "In My Heart," is a very beautiful cd. If you listen closely to the words to each and every of the nine songs, I think you will agree. The first song on this cd, "Forever Only You," would make a wonderful and beautiful wedding song. "Forever Only You," speaks volumes of love and devotion. The words of a song, make the song. It's not the melody, but the words or lyrics. The songs on this cd, all of the songs, have special meaning to the artist, Tammie Webb. The song, "It Was You," was written about looking through a window and lying eyes on someone who just absolutely takes your breath away. Just by looking, knowing in your heart, you have finally found the person you have been looking for all your life. Your soulmate. "I Never Second Guess," is about never doubting or second guessing your feelings about that special someone. You knowing your feelings for that special someone are very real. "Just To Say I'm Sorry," was written about hurting the person you love the most. Just letting that special person know how truly sorry you are for hurting them in any way. "Best Thing," this song was written about finally finding the love of your life. Also, finding that someone that is so different from anyone else you have ever seen. "Best Thing," is knowing you've found the best person, out of the whole world. Someone who is beautiful, both inside and out. "Life's Challenges," was written about everyday challenges we face each and every day that we live. How God is always with us and how He can get us through all of our challenges. We all need God to carry and comfort us at all times. "The Happiest Day In My Life," was written about the feelings of joy and much happiness just being able to hold the hand of the one you love. Just being with that special someone and knowing they chose to be with you. This person chose you, out of the whole world. Now, that's the happiest day!
