One sure-fire way for ClickBankAffiliate Marketers (thats you alright) do to make their money online is to build niche sites. Read that -- build niche sites. Its a proven, time-tested school of thought that super affiliates subscribe to. As a matter of fact, here is a simple formula you can follow: 1. Research and discover a hungry, profitable niche to penetrate into. 2. Find and join rewarding affiliate programs that caters to that niche. 3. Build one or several niche sites, with your affiliate links embedded. 4. Drive targeted traffic into your niche site. And 5. Start making money! What is CBNicheBuilder in a nut shell? \* CBNicheBuilder Software allows you to search the whole Clickbank Database for products related to a specific niche and automatically build scores of webpages for you to

market. \* It also ensures that you can promote CB products that will pay you high commissions. \* All CBNB webpages are cloaked with your CB affiliate ID included inside of each page. \* Other less robust CB scripts gather the whole CB database where the affiliate ends up blindly promoting products that dont even pay. CBNB allows you to filter out any such non-rewarding products so you can focus only on products that reward you well with commissions you deserve. Why More Than 95 Of The Affiliate Marketers Fail Miserably And Are Struggling To Make Money Online! 1. Niche Marketing research can be time and effort consuming, which already puts many people off. And if this step is omitted, the average Affiliate Marketer would only find out that the niche he or she has chosen is rather obscure when its too late. 2. The battle for profits is lost the moment the Affiliate Marketer chooses to join a non-rewarding affiliate program. 3. The lack of HTML, programming and designing knowledge disables an Affiliate Marketer from creating his or her own niche site. The result: there is a big gap between those who cannot start their own niche site and those who go on to make money from it. 4. If done wrongly, the niche site can rank very low in the major Search Engines thus decreasing the chance of getting valuable targeted prospects to the niche site the Affiliate Marketer has built.
