an eclectic mix of predominately instrumental sonic exploration. 7 MP3 Songs ROCK: Instrumental Rock, ROCK: Math Rock Details: Originating from the swamps of the Central Arkansas hinterlands, A Problem of Alarming Dimensions combine experimental textures with variegated instrumentation to form a surprisingly accessible blend of [mostly] instrumental rock mayhem. h-hov-hover, the band's self-released debut, was recorded using a hybrid of analog and digital technology at Zero Return Studios in Atlanta and in their garage in Conway, Arkansas. This unknown act may surprise you. Listen as h-hov-hover thunders with bludgeoning guitar rock and whispers with analog synth washes - all in one coherent 37-minute sweep. "This is a fine album... if you are a music fan, you'll like it... simple as that." -Jake Hasselman, Review on IndieWorkshop.com
