

Mp3 Adam McIntyre - Rockstars & Superheroes

[DOWNLOAD HERE](#)

Direct, driving powerpop with Nashville tinged rock roots. 12 MP3 Songs POP: Power Pop, ROCK: Modern Rock Details: Harkening back to the days of creamy guitar and bittersweet melody, Adam McIntyre's debut album, Rockstars Superheroes, seems to have been beamed from the 100,000 watt antenna of 1973's finest FM rock station. Feeding on a steady diet of Big Star, Ray Davies, Ian Hunter, Jason Falkner and The Move, Adam has re-envisioned himself as a rising rock hero through a lightly-conceptual thread of twelve tunes. The songs jump out with overwhelming honesty and optimism while avoiding theatrical pomposity.
