A.K. ,a.k.a James Ware was born in Cleveland, Ohio, raised in the Bronx, New York and a veteran in California. When asked where he got most of his musical influence the innovative artist/songwriter/producer states, "We all know that hip-hop originated from the East Coast, so that's where my roots are from, but I have much love for the West Coast because I was raised there for more than half my life" adds the artist. A.K. also adds, "There's no place like L.A. either I lived in West L.A. and Hollywood for three years while attending school for music and journalism, I loved the experience because I had a chance to perform at various clubs on Sunset Blvd. with great success also that's where I met the dopest producer in the world "JNUTTY" who produced most of my album titled " THE HOODSSTOCK VOL.1" available now at cdbaby.com. a.k.'s favorite artists are JAYZ, BIGGIE, RAKIM, EMINEM, NAS, AND THE LATE GREAT TUPAC SHAKUR, just to name a few.
