Disclaimer - Armadillo was written as a result of a vacation road trip to Arkansas. There was an unusual number of armadillo's along the roadside - obviously deceased and looking up at the clouds. Errol, for some reason, heard a song in this. Upon closer observation, it appeared some unscrupulous individual used a 38 caliber on the poor soul photographed. Along with the spent shell were numerous tire tracks.

This armadillo's life goes on in Errol's music. People who are interested in James Taylor Neil Young Rick Nelson should consider this download.
