Ultra electronic pop grooves designed to appeal to everyone from "old school" lovers to nu-electro and top 40 devotee's... 6 MP3 Songs POP: with Electronic Production, ELECTRONIC: Pop Crossover Details: After being raised in a smalltown in the heart of the American west, Evan Cowden attended the prestigious Berklee College of Music on Scholarship awarded to him for excellence in vocal performance. There he studied his craft along side artists such as Layla Hathaway and Grammy Award Winner Paula Cole. Strongly influenced by the post-modern/new-wave movements of the early 1980's, and inspired by vocalists such as Jimmy Somerville, Lisa Stansfield, Alison Moyet, Tracey Thorn (everything but the girl), and Andrew Bell; Evan Cowden has succeeded in drawing from heavy synth pop arrangements like those of Vince Clarke and the Pet Shop Boys, blending them with contemporary house and R&B flavor, thus creating a style all his own...Unique, Distinctive, Vocal electronica with a strong pop-crossover appeal. Now, Evan Cowden returns with TWO brand new singles that are a must have for any dance music fan. There is no doubt about it... This is an artist to watch; one of dance music's most electrifying new performers!
