Heavy rhythmic fingerpicking guitar, instinctive vocal images, a dash of blues. 12 MP3 Songs FOLK: Modern Folk, BLUES: Acoustic Blues Details: JB Slaby has created one of a kind musical poetry on his second CD, "COME INSIDE", shaping images with a visual voice and heavy rhythmic finger picking guitar style. He has taken four poems from his book, "INFLEXATION - Poetry of life", /Blacksmiths hammer/Baby Come Inside/ Ocean and Sky/Just an Instant/ and found the precise guitar sound that marries his poetry and voice. After listening to his CD, "COME INSIDE" you'll be singing along to the songs, not to mention wanting more of the solo guitar on the other tracks, which are a sweet delight for the ear. These four poems, which are now recorded songs, are destined to become future classics in their own right. His first CD, "WHITE WASH" was an experiment, "COME INSIDE" is a work of art.
