Details: Since I was student of the week in third grade, I knew and expressed to the class that I wanted to be in the business. Since that time, Ive gotten involved with everything and anything music-related. Whether its playing a lead in a musical, appearing as a soloist in a show, or recording a new song in the studio, I continue to love and pursue my passion for performing. After competing at IMTA LA 08, I had the opportunity to record with Upscale Records in Costa Mesa, CA. I was so excited after finishing my first track, I just knew I wanted more! Recording music is such a blast.I just want to keep doing it in order to really accomplish something big! Enjoying all music genres, Mallory loves to use her soulful voice to sing R&B and Pop/Rock styles. Her talent doesnt just end with her voice, though; shes danced since she has been two years old as well as being an actress represented by Caryn Models Talent, Minneapolis, MN. She has been recognized for her triple threat talent when attending IMTA, earning awards while attending the Heritage Music Festival in Boston, MA 09, and numerous dance competition awards throughout the past 15 years. Mallory is driven and her passion for music is what keeps her going, vowing to never give up until she reaches her dream of making it. While approaching her last year of high school, Mallory continues to play and write songs, keeping her options open for opportunities on both east and west coasts. Tags: pop
