Details: Manasseh meaning, to bring fourth forgiveness. The ministry and music of Manasseh is not to reach but to teach the TRUTH about the written WORD of God to all that have an ear. Being that music teaches one how to do many things like dress, talk, respect, disrespect, etc he uses the gift that was given to him to sow the word, which is a seed, into the souls of those that will listen. He is a minister of the gospel with a desire to win souls. Truly one that will go wherever the Lord takes him to, whether it be an audience of one five year old or an audience of sixty thousand praising adults. As long as God is pleased with him nothing else matters. Manasseh was born in Chicago and spent the most part of his child hood there until about age thirteen, then he and his parents moved to Harvey, Illinois a nearby suburb. Shortly there after he joined the United States Army and was honorably discharged after serving eight years of active duty and three years of in-active duty. He has seen a lot in his short time on planet earth, but enough to make him commit to the Lord and his works. There is not a day he says, that he would rather go back to than to spend the rest of his life with the Lord." With each album he says, the people of God will see growth in me, if I dont grow then something is wrong. His music tells it like it is, so if you dont want to hear the TRUTH pertaining to where you are as a sinner or who you are in Christ, then you might not want to check him out.
