The songs I have wrote and done here are to her memory as well as my mothers memory. Virginia Patterson Shifflett Hensley was born in 1932. My mother Lue Grey Shifflett , her cousin was born in October 1934. Although my mother kept Patsy's music around the house I had no knowledge until a few months ago that she was my cousin. To know such a Great Person like her is and was my kin has inspired me to keep my writing and books and music going even stronger. Everything I do is Dedicated to her memory and will always be so. I collect all my Cousins works and listen to her music as I sit and write from home. She is my inspiration and until now I had had no one that I looked up to . I always wondered where my writing and musical art came from. From the hills of Virginia and the Shifflett /Hensley Clan which is my Family. I am Blessed

with being the Daughter of Coal Miners and also Appalachian Ancestors from the Hills of Kentucky (Ridner)-(Wagers) and also the Hills Of Virginia (Shifflett) - (Hensley). A Heritage of strong people who suffered in sorrow and poorness but yet continued to thrive and survive in even the hardest of times. This album is also given to those who worked the Coal Mines and lived and live still in Appalachian Country. I give you my writings and music in this ten song cd album which has made me proud to say I am a Appalachian Artist and Honor the many people like Pasty and our families who had the strength to bring us all forward into the centuries to carry on our musics and arts.
