Lyrics from "Set you Free" 2nd track: What some men are preaching is not good news at all A perversion of the gospel, Self-Righteous are called From the pulpits and pews where the sermons are LONG And the DRUNKS and the PROSTITUTES aren't singing along Cause all of the ones JESUS was preaching to Are still in the alleys and still destitute The story they're singing is "come all and come one" As long as you're white, middle class, and you're from The right side of town, and the right side of money Could I go to that church or man would they shun me I did not come to condemn you (2x)I've come to set you FREE
