

Mp3 M&k Music - Keyholes

[DOWNLOAD HERE](#)

M&K Music writes well-crafted pop songs, successfully blending aspects of rock, country, folk, jazz, and blues. 10 MP3 Songs POP: 70's Pop, ROCK: 70's Rock Details: M&K MUSIC is a Saint Paul, Minnesota, based band. Their first album "Keyholes" is a collection of well-crafted original pop songs full of spirit and soul. On this album, M&K MUSIC has successfully blended aspects of rock, country, folk, jazz, and blues into a musical style that is unique, compelling, and broadly appealing. The guitar work on these songs is stellar and sublime (check out the lush guitar sounds of "All Over Again" and the epic guitar outro on "Sweet Clover"), and the lyrics and bass lines are heavy, maybe heavier than anything you've ever felt. Rock critic Biff Johnson, Jr., says, "The only singers in the same league as M&K's singers are Elvis and Frank Sinatra... and maybe the Beatles." From the spectacular fireworks of "Magic Touch" to the stark wistful beauty of "Autumn Has Come." From the shimmering beauty of "Heartache On The Farm" to the frenetic seductiveness of "Rose Tattoo." M&K MUSIC constantly reaches sonic nirvana, delivering inventive and adventurous experiments in sound.
