Press: Music Review: Rie-Rie - Take 2 by M Dot E After the marginal, nation-wide success of her last album, "The Untold Veracities", comes the self-titled second offering from Denver artist Rie-Rie (pronounced Ree-Ree). Differing from flavor of the month artists like the Queen Bee, Foxy, Trina, Ghia, and new comer Jackie-O, Rie-Rie's lyrical content doesn't consist of

Gucci, Prada and Louis Vuiton. Also it doesn't consist of the pussy power or raunchy lyrics that have made the aforementioned artists household names in the Hip-Hop community. It's nice to hear a female artist present herself as a lyricist speaking from the heart. I suppose you could categorize her with artists such as Eve, Heather B, and Rah Digga, with a west coast, thugged out twist. Rie-Rie comes with solid efforts on this album. Tracks like "I Be Doin Dat" and "Hip-Hop Hip-Hop" will definitely get your head bobbin. "Vicious In Da Club" will have you searching for that dance floor or house party so you can get crunk... DENVER'S FINEST NEWSLETTER Vol. 1, Issue 1 Cristobals, Showing Light On The Game by D.F.W. Rie Rie who is this issues artist of the month rocked the stage, spitting lyrics off her self-titled LP "Rie Rie" plus a couple off her 1st album "The Untold Veracities". As for now she says she's moving forward in the game, but waiting for all the hating to go, so Denver can blow. "Because if you think about it Denver, our competitors are not in Colorado. We must come together so Colorado can make it in the game".
