A first musical venture... a cross between Tori, Joni and Ani... piano and guitar driven songwriting with witty lyrics and moody production. 13 MP3 Songs FOLK: Gentle, FOLK: like Ani Details: Just back from a mini tour in the UK, Andrea Florian is currently back in the studio, working on her 5th CD, to be released by the end of 2002. When that's done, she'll be returning to the touring game and her old haunts in the US, Canada, and Australia. Her songs? intelligent and fun folk/pop/singer-songwriter style.... and then some... imagine Sting messed in with Crowded House, Tori Amos, the Beatles and a touch of Ani... In the past 6 years, Andrea has toured through Canada, the US, Australia the UK. Andrea just recently filmed a video for "quite the night", a track to be released on her upcoming CD. The video was shot in Malta, and future plans might just bring Andrea there for a couple of years to focus on European touring.
