Solo piano. Classical music from one of Haiti's greatest composers, Ludovic Lamothe. Haunting and gorgeous. 12 MP3 Songs CLASSICAL: Contemporary, WORLD: World Traditions Details: With each stroke of the keys, the piano evokes nature to bend to its will. The wind, the trees, the oceans and seas fall into the spell of its majestic sounds; nature stands still in order to listen. Each note that is released is a step towards the greatest dance of souls. Dr. Charles Phillip's interpretations of Ludovic Lamothe's inspirations are unique. His vision allows him to be a conductor of the calmness it provokes within. The music tells a story of joy, mystic, complication, and love. As the piano keys submit to the masterful movements of the fingers, the notes invade the auditory track to evoke relentless visions unique to the individual. This magical journey takes us to a place only a few ever dare to travel. The Music of The Haitian Masters brought us to the hidden doorway in which dwelled some of Haiti's undiscovered treasures; however, this release is but a glimpse of one of the rarest jewels ever unearthed. Priceless as it may be, legendary will it become. Come, close your eyes, the journey can only be taken by your soul; for, the physical can only go so far.
