Smooth lush groovin' house music. 1 MP3 Songs ELECTRONIC: House, ELECTRONIC: Deep House  
Details: As One of the people who loves to leave his crowd totally satisfied aka danced they ass off felt how much I enjoyed giving them the music. One of the very few (original) House Music legends; beginning with and where the popular nightclub sound manifested, Chicago, Illinois, many years ago; Now, some twenty years later his distinct sound continues to soar. DJ Kenny Rays beginnings are not unlike most young vinyl spinners carrying records, setting up equipment, begging to be next to serve the crowd. (aka the exact route some of todays legends took such as Farley jackmaster funk, Steve "silk" Hurley to name a few) In the Chi, you had to earn yours. Like all new sounds, most thought this was just a trend. But just like rap music, it grew and expanded, as has DJ Kenny Rays popularity. Has continued to rise Worldwide and continues to maintain his reign as 1 of Chicagos hottest DJs. This DJ is a mix master of the old school and new school house music only the best of both make it to his dance floor. His musical selection never fails to move the crowd. It is not at all a mystery why the phone continues to ring, not just for local Chicago affairs, but for national events both exclusive and for the general public from the capacity crowds of more than 5,000 audience members @ Chicago SummerDance Nomadic DJ Series, to " IVANA TRUMP/BET AWARDS PARTY @ Cinespace in LA to WMC regular this is a DJ that's in demand. He also is a producer artist with his first official record A GROOVE" "A groove is a terrible thing to waste." And with that said, Kenny Ray (featured in the "DJ Watch" section of one of the first issues of 5 Magazine) proceeds to lay down this smooth track with plenty of grooves to pick up the most lifeless dance floor. A steady, jacking drum line keeps the momentum going through a lush vocal and bouncy organ hook. It's beautiful, luscious deep house with an old school flavor. Kenny Ray was getting this track into a few select hands during WMC and it's already starting to make the rounds. My have things changed

for this artist/producer now has 8 new hits singles including Dancin on a Cloud, and Lets do It to name a few. Between hosting world class events for OSFL prod. And being 1 of Chicagos Finest this DJ is guaranteed to move any dance crowd. People who are interested in Frankie Knuckles Satoshi Tomiie "Little" Louie Vega should consider this download.
