The Doom are unafraid to tackle any musical task that should arise, and High Above The Drama Below demonstrates this, note-by-note and track-by-track. 10 MP3 Songs POP: Power Pop, ROCK: Progressive Rock Details: Q: So . . . Youve never heard of Giggle Doom? A: Though notoriously subterranean, reclusive and subversive, they walk among you. It is a very good chance you have seen them and even spoke to them, though most likely at them, as, in their former lives, they were working musicians. And they still are very anonymous working stiffs. It is uncertain whether it is important that you know exactly who they are. If it is important, theyre great guys, with a healthy sense of humor and humanity. Oh . . . their identity? You mean you dont know? High Above The Drama Below features reworked old songs and powerful new songs. You should buy it.
