Fresh retake of old school art punk -- jagged rhythms and lyrics that reach for the poetic. 8 MP3 Songs

ROCK: 90's Rock, ROCK: Punk Details: for-the-for-us-for-her is a collection of songs recorded in November of 2003. Kristen (vocals): One of those women you either love with all of your heart, or hate passionately. She's been writing poetry since around thirteen (bad embarrassing teenage poetry) and wrote her first song at eighteen. She and BJ found Hedonists,Maybe in September,1999. Her stage performance has been considered beautiful, isolating at moments, reflective and terrifying. In her spare time, she enjoys a strong cup of coffee and a snide comment or two. BJ (guitar): BJ is not comfortable telling any information about himself over the internet... If you're interested in finding out more, you can buy him two beers at our next show, and watch him leak his most private moments to you before passing out.
