

## Mp3 Johnny Scott - No Love

[DOWNLOAD HERE](#)

Something Just Pure Real 16 MP3 Songs HIP HOP/RAP: Alternative Hip Hop, URBAN/R&B: R&B Rap mix Details: Johnny Scott a.k.a J-kidd been recording since the tender age of 14. Released his first mix-tape in the year of 1999 called "Da Entertainer" also that year he produced a couple artist such as Red Rum, Capitol B a.k.a Trama, Cream, Tone, Manix all underground artist on his label at the time called Klick Klack. Then in the year of 2000 he released his second album entitled "J2K". Also doing alot of battles on Delaware local mixtapes. Then finally in 2001 he released a new album dealing with a differnt style of music and came up with alot better lryics. The album was titled "Johnnyology" which was on his new record label Jigged Out. In 2002 he join forces with his former artist at there record label entitled Psyanide Records. The album he did had nothing but Psyanide sound which lead production from Trama and Manix the album was call "Envy" Ep verson which feat his new artist Infinate and Cheaba. Then in 2003 Johnny invested in more recording needs worked with producers Trama and Jae Ross and himself and made the album "Envy". This album right here help make him more known on the Underground PoP feel but real hip hop in that album more of his story telling and political songs. In 2004 Johnny Scott start going through a real bad depression and recorded some of his best work ever, and came with the album here now "No Love" he worked with Trama, Logic, Kenney Baynard and himself to produce the album "No Love". "No Love" is an album that anybody can relate to hip hop with a smooth Pop feel. Be on the look out for all new Jigged Out Material to come real soon Be on a look out for the new album titled 9 Lives. Johnny Scott comes from the soul on this album. Also the new album titled 7 Year Itch
