"Spinning phantasmal wildernesses." (Susan Frances) 12 MP3 Songs ELECTRONIC: Dance, ELECTRONIC: Electro House Details: Andrei Lanes: Mastering The Art Of Electronic Music by Susan Frances Jan 3, 2008 "Music critics have described Lanes's music as "electronic wonderlands," "orchestral oracles possessing surreal dimensions," "shape-shifting figments," "aural illusions," "sci-fi expeditions," and simply "out of this world." His soon to be released album "Fractal Collapse" is his third offering and is sure to captivate listeners with his mystical soundscapes and spiraling effects. Fans were exposed to Andrei's gift for spinning phantasmal wildernesses on his debut album "Smoke Mirrors" and his sophomore release "Hydra Missing, Fear The Worst," but his latest CD "Fractal Collapse" delves deeper into Andrei's psyche as he pictures the universe and its inhabitants as moving sound waves interacting with one another in blissfully elegant and wickedly draconian ways."
