Powerful songs from the heart and soul of a gifted artist, inspired by The Beatles, but with a sound that is uniquely his own. 13 MP3 Songs POP: Beatles-pop, ROCK: 60's Rock Details: With the release of The World Inside My Mind, his third CD, Mike has taken his already recognized songwriting and performing skills to another level, and as always, he plays all instruments and sings all vocals on every song. Ten heartfelt and personally meaningful new songs, ranging from the Beatles/Lennon inspired Its Love, Not Giving Up, Everything We Are, and Tomorrows On Its Way, to the powerful guitar-driven title track, The World Inside My Mind; from the beautiful Blue Love Eyes, Always Behind Me, and The Three Lives Of Clouds, to Pulse, Mikes homage to his favorite still rockin musical heroes. Mike has also included three original songs from his first CD, Walking On Abbey Road, as bonus tracks. While the influence of the Beatles, and his love for them, is evident in each song, Mikes unique talents shine through and make them truly his. "Walking On Abbey Road" captures Mike's first visit to Abbey Road Studios in London, and features an emotional "Lennon-flavored" vocal. "Part Of My Heart's In England" follows up on his London visit, expressing his affection for that city and its wonderful people. "Thanks To You", Mike's bouncy love song to his wife of thirty-two years, was described as "...the cheerful, Beatlesque 'Thanks To You'" by Beatles Unlimited Magazine in The Netherlands. A number of Mikes songs, including The World Inside My Mind, Walking On Abbey Road, and Thanks To You, have received airplay in Australia, England, Italy, and the United States. (Mikes second CD, Writes Of Summer, also available at CD Baby, garnered wonderful reviews from his fans. Of course, he played all instruments and handled all vocals.) Simply put, The World Inside My Mind is an album that will touch your heart. Spend just a few moments listening to the sound clips and you are sure to join the growing number of fans who understand and appreciate what Mike shares with them through his music.
